

Station 1. Adventure

Venue: His Kids Room

Welcome the group to the station – tell them that this passion is all about exploration and travel.

We are going to play a game called: "Round the World".

Put up the 10 country posters on the wall spread around the room.

Tell the group that they are going to “travel” to different countries as you call out a destination. They have to individually figure out in which country it is found and run to the country poster on the wall. Anyone who goes to the wrong country is eliminated.

The winner (the last person standing) will receive a prize.

If time allows (7 minutes) you will play 2 rounds of the game.

Then have the group discuss these 2 questions:

- * What countries have you travelled to in real life?
- * Where would you like to travel to and why?

Supplies Needed:

- * A3 Posters with country names/flags
- * A4 pages with names of attractions to call out.

Station 2. Competition

Venue: Youth Room

Welcome the group to the station – tell them that this passion is all about competing, teamwork and personal development.

Divide the group into two smaller groups and play the game of Chair Netball.

Rules: Put a chair as the goals on either side of the room – and have a member from each group stand on a chair in their opponents area. The ball is passed from person to person (you are not allowed to run with the ball) and finally thrown to the goalkeeper who has to catch the ball without falling off the chair (the goalkeeper cannot be touched by the defenders). Play until a group reaches 10 goals or until 7 minutes are up. Give each person on the winning team a prize.

When the game is over have the group discuss these questions (3 minutes):

- * What sports are you passionate about?
- * What do you like/dislike about sport?

Supplies Needed:

- * Volleyball
- * 2 chairs
- * Whistle
- * Score Keeper

Station 3. Creativity

Venue: His Diz Room

Welcome the group to the station – tell them that this passion is all about creativity and designing stuff.

Get the group to choose 1 person to be their sketch artist. They will choose 1 of 4 designs which the artist will not see. They have to describe what they see to the artist who will draw it. They have 7 minutes to complete the exercise.

When the artist is finished have the group discuss the following questions:

- * What was it like trying to get the artist to draw what you had seen/heard?
- * In what ways are you creative?

Supplies Needed:

- * A3 Paper (1 sheet per round)
- * Black marker pen
- * Posters for the Artist to Draw

Station 4. Wisdom

Venue: His Kids Worship Room

Welcome the group to the station – tell them that this passion is all about knowledge, growth and serving others.

Show the group an example of a formula for happiness in life:

Life + Laughter x Love - Hate = Happiness.

The group then has to work together to create a formula for life that starts with “Life” and ends with “Best Life Ever”. The following symbols must be used: + (plus), - (subtract), x (multiply) and = (equals). Symbols can be used more than once. They have 7 minutes to complete the exercise.

When they have finished creating their formula give each person the Mathematics for Life equation handout and tell them to spend 3 minutes reflecting on it.

The Mathematics for Life Equation:

SUBTRACT all your fears (1 Peter 5:7)

DIVIDE your blessings with others (2 Corinthians 9:11)

MULTIPLY your good deeds (2 Corinthians 10:8)

ADD Jesus to your life (Romans 10:9-10)

EQUALS a Wonderful Life (Psalm 16:11)

Supplies Needed:

- * Posters of the Formula for happiness in life.
- * A3 paper with “Life” and “Best Life Ever” on it.
- * Black marker pens
- * The Mathematics of Life equation handout.
